SECTION 1: Identification

1.1. Identification

Product form: Mixture
Trade name: CAFCO® FENDOLITE® M-II

1.2. Recommended use and restrictions on use

Use of the substance/mixture: Spray-Applied Fire Resistive Materials
Recommended use: For professional use only

1.3. Supplier

Manufacturer:
United States Mineral Products Company dba Isolatek International
41 Furnace Street
Stanhope NJ 07874

Toll Free: 1 800 631 9600

1.4. Emergency telephone number

Emergency number: CHEMTREC 1 800 424 9300 (North America), +1 703 527 3887 (International)

SECTION 2: Hazard(s) identification

2.1. Classification of the substance or mixture

GHS-US classification
- Skin corrosion/irritation Category 2: Causes skin irritation
- Serious eye damage/eye irritation Category 1: Causes serious eye damage
- Skin sensitization, Category 1: May cause an allergic skin reaction
- Specific target organ toxicity (single exposure) Category 3: May cause respiratory irritation

2.2. GHS Label elements, including precautionary statements

GHS US labeling
- Hazard pictograms (GHS US)
- Signal word (GHS US): Danger
- Hazard statements (GHS US):
  - Causes skin irritation
  - May cause an allergic skin reaction
  - Causes serious eye damage
  - May cause respiratory irritation
- Precautionary statements (GHS US):
  - Avoid breathing dust.
  - Wash hands thoroughly after handling.
  - Use only outdoors or in a well-ventilated area.
  - Contaminated work clothing must not be allowed out of the workplace.
  - Wear eye protection, protective gloves, protective clothing.
  - If on skin: Wash with plenty of water.
  - If skin irritation or rash occurs: Get medical advice/attention.
  - If inhaled: Remove person to fresh air and keep comfortable for breathing.
  - Call a doctor, a POISON CENTER if you feel unwell.
  - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
  - Immediately call a doctor, a POISON CENTER.
  - Take off contaminated clothing and wash it before reuse.
  - Store in a well-ventilated place. Keep container tightly closed.
  - Store locked up.
  - Dispose of contents/container to waste collection point, in accordance with local/national regulations.
2.3. Other hazards which do not result in classification

This product may contain trace amounts of crystalline silica. Prolonged and/or massive inhalation of respirable crystalline silica dust may cause lung fibrosis, commonly referred to as silicosis. Principal symptoms of silicosis are cough and breathlessness.

2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substances

Not applicable

3.2. Mixtures

Full text of hazard classes and H-statements: see section 16

SECTION 4: First-aid measures

4.1. Description of first aid measures

First-aid measures general: Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).

First-aid measures after inhalation: Remove person to fresh air and keep comfortable for breathing. Call a poison center or a doctor if you feel unwell.

First-aid measures after skin contact: Immediately rinse with plenty of water (for at least 15 minutes). Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. Take off contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention.

First-aid measures after eye contact: In case of eye contact, immediately rinse with clean water for 20-30 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention immediately.

First-aid measures after ingestion: Rinse mouth. Do NOT induce vomiting. Call a poison center or a doctor if you feel unwell.

4.2. Most important symptoms and effects (acute and delayed)

Symptoms/effects after inhalation: May cause respiratory irritation.

Symptoms/effects after skin contact: Irritation. May cause an allergic skin reaction.

Symptoms/effects after eye contact: Serious damage to eyes.

Symptoms/effects after ingestion: May cause gastrointestinal irritation, nausea, vomiting and diarrhea.

4.3. Immediate medical attention and special treatment, if necessary

Treat symptomatically.

SECTION 5: Fire-fighting measures

5.1. Suitable (and unsuitable) extinguishing media

Suitable extinguishing media: Use extinguishing media appropriate for surrounding fire.

Unsuitable extinguishing media: Do not use a heavy water stream.

5.2. Specific hazards arising from the chemical

Fire hazard: None known

5.3. Special protective equipment and precautions for fire-fighters

Firefighting instructions: Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment.

Protection during firefighting: Do not attempt to take action without suitable protective equipment. Do not enter fire area without proper protective equipment, including respiratory protection.
CAFCO® FENDOLITE® M-II
Safety Data Sheet
according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures: Avoid breathing dust. Evacuate unnecessary personnel. Only qualified personnel equipped with suitable protective equipment may intervene.

6.1.1. For non-emergency personnel
Protected equipment: Wear recommended personal protective equipment. For further information refer to section 8: “Exposure controls/personal protection”.

6.1.2. For emergency responders
Protected equipment: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: “Exposure controls/personal protection”.

6.2. Environmental precautions
Avoid release to the environment.

6.3. Methods and material for containment and cleaning up

Methods for cleaning up: Mechanically recover the product. On land, sweep or shovel into suitable containers. Minimize generation of dust. Store away from other materials. Notify authorities if product enters sewers or public waters.

Other information: Dispose in a safe manner in accordance with local/national regulations.

6.4. Reference to other sections
For further information refer to section 8: “Exposure controls/personal protection”. For disposal of residues refer to section 13: “Disposal considerations”.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling: Ensure good ventilation of the work station. Avoid contact with skin and eyes. Avoid breathing dust. Wear personal protective equipment. Use only outdoors or in a well-ventilated area.

Hygiene measures: Do not eat, drink or smoke when using this product. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse. Separate working clothes from town clothes. Launder separately. Always wash hands after handling the product. Handle in accordance with good industrial hygiene and safety procedures.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Keep only in the original container in a cool, well ventilated place away from: Strong acids. Keep container closed when not in use. Store locked up. Protect from moisture.

Incompatible materials: Strong acids.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

8.2. **Appropriate engineering controls**

- Appropriate engineering controls: Ensure good ventilation of the work station.
- Environmental exposure controls: Avoid release to the environment.

8.3. **Individual protection measures/Personal protective equipment**

- **Personal protective equipment:**
  - **Hand protection:**
    - Impermeable protective nitrile gloves.
  - **Eye protection:**
    - Chemical goggles or safety glasses.
  - **Respiratory protection:**
    - In case of inadequate ventilation wear respiratory protection. Where excessive dust may result, wear approved mask

- **Personal protective equipment symbol(s):**

- **Other information:**
  - Do not eat, drink or smoke during use.

### SECTION 9: Physical and chemical properties

9.1. **Information on basic physical and chemical properties**

- **Physical state:** Solid
- **Appearance:** Powder. Flakes.
- **Color:** Gray Gold
- **Odor:** Characteristic
- **Odor threshold:** No data available
- **pH:** 10 - 12
- **Melting point:** 981 °C
- **Freezing point:** No data available
- **Boiling point:** No data available
- **Flash point:** No data available
- **Relative evaporation rate (butyl acetate=1):** No data available
- **Flammability (solid, gas):** Non flammable.
- **Vapor pressure:** No data available
- **Relative vapor density at 20 °C:** No data available
- **Relative density:** No data available
- **Solubility:** No data available
- **Log Pow:** No data available

9.2. Other information
No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity
The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability
The product is stable at normal handling and storage conditions.

10.3. Possibility of hazardous reactions
None under normal conditions.

10.4. Conditions to avoid
Strong acids.

10.5. Incompatible materials
Strong acids.

10.6. Hazardous decomposition products
No hazardous decomposition products known at room temperature.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

CAFCO® FENDOLITE® M-II
Safety Data Sheet
according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Symptoms/effects after skin contact: Irritation. May cause an allergic skin reaction.
Symptoms/effects after eye contact: Serious damage to eyes.
Symptoms/effects after ingestion: May cause gastrointestinal irritation, nausea, vomiting and diarrhea.

SECTION 12: Ecological information

12.1. Toxicity
Ecology - general: This material has not been tested for environmental effects.

12.2. Persistence and degradability

| CAFCO® FENDOLITE® M-II          | Persistence and degradability | Not established. |

12.3. Bioaccumulative potential

| CAFCO® FENDOLITE® M-II          | Bioaccumulative potential     | Not established. |

12.4. Mobility in soil
No additional information available

12.5. Other adverse effects
Effect on the ozone layer: No additional information available
Other information: Avoid release to the environment.

SECTION 13: Disposal considerations

13.1. Disposal methods
Product/Packaging disposal recommendations: Dispose in a safe manner in accordance with local/national regulations.
Ecology - waste materials: Avoid release to the environment.

SECTION 14: Transport information

Department of Transportation (DOT)
In accordance with DOT
Not regulated

Transportation of Dangerous Goods
Not regulated

Transport by sea
Not regulated

Air transport
Not regulated

SECTION 15: Regulatory information

15.1. US Federal regulations
Cement, portland, chemicals (65997-15-1)
Listed on the United States TSCA (Toxic Substances Control Act) inventory

15.2. International regulations
CANADA
Cement, portland, chemicals (65997-15-1)
Listed on the Canadian DSL (Domestic Substances List)

EU-Regulations
Cement, portland, chemicals (65997-15-1)
Listed on the EEC inventory EINECS (European Inventory of Existing Commercial Chemical Substances)
National regulations
